TORNADO USB HUB

4 Ports USB HUB

TORNADO UH4

You have probably heard about it -
"We will add a Hub."

Computer jargon used to describe the almost never-ending extension facilities of the USB-technique - the loop and re-loop of peripherals.
The TORNADO 4-port USB HUB is a simple way to make more USB-connections to your PC.

The USB-connections can be extended up to 6 TORNADO USB Hubs and even up to 127 USB peripherals to one single PC.
